ABOUT OGHHS

Oak Grove High School offers many opportunities for students to receive a quality education with a variety of experiences that will lead to their personal success. OGHHS provides a conducive learning environment with high expectations. Realizing we have a rigorous curriculum that challenges the whole child, students thrive in a positive school environment in which each individual is valued and accepted. We are proud of our students and their willingness to achieve excellence. We believe that honesty, sincerity, fairness, and consistency are essential qualities in providing a positive learning environment at Oak Grove High School.

A Brief History

In 1897, Oak Grove School was established with a four-month school year including one teacher at a salary of \$25.00 per month. The school was structured as a one room school housing 3 grade levels with daily attendance of about 15 pupils. In 1902 the school building was destroyed by fire, and school was held at the Landmark Baptist Church. In 1913 the school attendance increased until a new room and teacher had to be added. The following year Richburg School consolidated with Oak Grove making an enrollment of 130 pupils with five teachers. In 1924 a \$16,000 bond issue passed to buy 8 acres of land and erect the most up-to-date brick building in south Mississippi. The first students were taught in this building in 1925 with a principal, six assistants, and a music and expression teacher. The building burned in the early 1950's. In 1952 classes began in a new building which currently houses the Oak Grove Middle School. The current high school was built in 1999 along with new athletic facilities. As of today, OGHHS continues to grow with approximately **1,300** students under the leadership of Head Principal Wayne Folkes and District Superintendent Dr. Ben Burnett, a former graduate, band director, and Oak Grove Middle School Principal.

ACADEMICS

Graduation Requirements Seniors of 2008-2009 and later (2005-2006 9th graders and thereafter)		
Curriculum	Units	Required Subjects

In their words

"As a member of the Theatre Department at Oak Grove, I have found that we are a close family and that feeling runs through the halls, students, teachers, and staff." -- Logan Little, student

"Oak Grove High is a school where each student can excel not only in the classroom but outside the classroom as well. There is a club for everyone! Along with our outstanding teachers and administrators, organizations at Oak Grove are what make our school such a success." -- Abby Olivier, graduate
